Always Learning and Improving Skills!

Recently two of our senior stylists Christina and Amie completed a NAK Hair Course! Our fabulous team are always looking for ways to improve their skills and are always keen to learn new things. Here is what Amie has to say about the course!

"Christina and myself Amie have recently just completed a hair course with Nak, focusing on blonde hair. It gave us a chance to boost our skills and knowledge on all those tricky blonde hair clients. My favourite part of the course was learning how to push the limits by adding a range of products and colours to

create the perfect blonde. Christina's favourite part of the course was re discovering the NAK shot treatments. These included adding an ash concentrate to help eliminate brassy and lemon tones and using our new structure complex product to help achieve lighter and brighter colours. The course allowed us to re-discover several products which I used to always push aside, Our new favourite product is the inner strength: so many ways to use this product and its benefits are amazing for the hair, so you will most likely see all of the girls spraying this in clients hair!"
